DIVISION OF PROFESSIONAL
STANDARDS

The Division of Professional Standards consists of the Internal Affairs (IA) and the Inspections and Evaluations (IE) programs with BIA-OJS.

The Internal Affairs Division's (IAD) primary objective is to ensure the integrity of the BIA-Office of Justice Services (OJS) is maintained through an internal system whereby objectivity, fairness, and justice are insured by an impartial investigation and review of allegations of misconduct by BIA or Tribal employees.

The Professional Standards Division is also responsible for alerting management of any training or policy deficiencies within the OJS. The IAD also provides internal affairs services for tribally operated programs.

The Inspections and Evaluations Division (IED) conducts program reviews for BIA and Tribal law enforcement programs (criminal investigations, police, and detention) and develops policy and procedures. The review process is intended to be fair and objective to all programs and is conducted in the interest of maximizing protection for the citizens of Indian Country. The program review will provide administrators

with usable and relevant information about the operation of their respective programs and the performance of their employees. A review of law enforcement standards will be assessed utilizing standards set forth in the BIA Law Enforcement Handbook, BIA Detention Standards, 25 CFR, and other applicable statutes.
